MISS BERNICE SOWELL SERIOUSLY ILL IN TEMPE

The latest word from Miss Bernice Sowell, who is very ill from small pox at Tempe was received by Mrs. Sowell this morning. The message states that Miss Bernice is slightly improved and although her condition is still very grave, she is believed by her physician to be on the road to recovery.

Sunday, a message stating that she was very low and her condition serious, was received here by her parents, Mr. and Mrs. S. A. Sowell, and her father left on the Apache that night. Since he arrived in Tempe, he has kept Mrs. Sowell constantly informed of any change in their daughter's condition.

Grand Opera Hearing for Girl of 16

Marion Talley, 16 years old, daughter of a telegrapher in Kansas City, won a Grand Opera hearing and has been declared the vocal wonder of the day.

MATRON OF ODD FELLOWS' HOME TAKES CHARGE

Mrs. Mary Zeigler, who was appointed last month as matron of the Odd Fellows' Home by the board of trustees, arrived here Thursday afternoon last and is now domiciled at the home. She is superintending the place of the furniture and making other preparations for the opening of the home the first of the year. Mrs. Zeigler will be assisted in her duties as matron by Mrs. Frances Whalley, who accompanied her here from Tucson.

The two ladies were driven over from Tucson by A. Geeson, who after spending a couple of days here, returned home Sunday.

IN GLOBE

County Recorder and Mrs. Holladay are in Globe this week on a trip that combines both business and pleasure. During Mr. Holladay's absence from the county recorder's office, Mrs. C. O. Larson is in charge.

MINIATURE BRIDGE BIG HELP

Seven-Foot Model of Reinforced Concrete Structure Built to Aid Solving Problem.

A model of a reinforced concrete arch bridge seven feet long has been constructed by the bureau of public roads, United States Department of Agriculture, to determine just how masonry arch bridges should be designed when built on a skew. A skew bridge is one in which the roadway is not perpendicular to the abutments, as when a bridge crosses a stream diagonally.

It has been found that the stresses in a skewed bridge are considerably different from those in a bridge of the same span built perpendicular to the abutments, and failures have occurred because this was not taken into account in the design.

The problem is so complicated that engineers of the bureau wish to check up their theoretical conclusions by making a faithful reproduction of a bridge, using similar materials and of such size that it can be tested in the laboratory.

Loads will be applied to the model, and the stresses at various places calculated from measurements of the lengthening and shortening of the concrete surface taken with very precise instruments as well as by other methods.

LIME CORRECTS ACID SOILS

Material Provides Available Calcium and Makes Manures and Fertilizers Effective.

Limestone corrects acidity in sour soils, provides available calcium to crops, makes manures and fertilizers more effective to the soils, favors bacterial growth and thus makes plant food more available, helps control certain plant diseases and insects and in time improves the texture of heavy soils.

BUILDING NEW HOME IN SANTA MONICA

Chas. M. Mack, after a stay of two weeks in Safford and the valley looking after his property interests, left Saturday on his return trip to Santa Monica, Cal.

Mr. Mack says he and Mrs. Mack are well pleased with Southern California and are building a nice comfortable home in Santa Monica.

BAZAAR AND ENTERTAINMENT A SUCCESS

The bazaar and entertainment given by the primary association of the L. D. S. church in Solomonville last Friday evening, was well attended and was a great success financially.

The children of the association gave a very interesting program of songs and recitations, which were all well rendered and showed careful training on the part of their instructors.

Many beautiful and useful articles in the way of fancy work and wearing apparel were placed on display and met with ready sale. During the evening chances were sold on a large handmade quilt and Aaron Nelson of Safford, holding the lucky number secured the quilt.

A very pleasant time was had by everyone present and cocoa and doughnuts were served during the evening.

"DAD" WILL GO TO TEXAS FOR CHRISTMAS

"Dad" Hall, maker of Hall's famous chili, expects to leave the latter part of the week for Dallas, Texas, where he will spend Christmas with his children and grand children.

Dad expects to be away about ten days and during his absence his lunch stand will be closed.

HERE FOR XMAS

Miss Dorothy Chamberlain who has been attending the University of Redlands, California, came home on the afternoon train yesterday to spend the holidays with her parents, Mr. and Mrs. J. J. Chamberlain.

Livestock And Ranges in Arizona And Western New Mexico.

Responding to recent precipitation and moderate daylight temperatures desert ranges are rapidly becoming carpeted with green and an abundance of feed for stock wintering in the south may soon be expected. While night temperatures were rather low near the end of the week there has been a marked absence of stormy weather and stock has come through with little shrinkage. The water supply is generally reported as improved thus eliminating to a great extent one element of anticipated deterioration. Poor condition of stock and range is confined principally to the north and northeastern sections which have not recovered from the distressing conditions of early fall.

Arizona made chocolates, none better.

CELEBRATES GOLDEN WEDDING ANNIVERSARY

On December 1st, Mr. and Mrs. John H. Hall, celebrated their golden wedding anniversary at their home near Bowie. For several years Mr. and Mrs. Hall were residents of Safford, making their home in Layton, and they have a host of friends here who congratulate them upon attaining the fifty year mark of married happiness.

The following article regarding the celebration is taken from the San Simon News, published at Bowie:

John H. Hall and wife were married Dec. 1, 1872. To them were born nine children of whom eight are living, one dying in infancy. Four were present at the anniversary. Miss Eva from Safford, Hansel and Mrs. Ira Welker, husband and three children from Miami, Roy from Needles, California. Grover drove through from Cheyenne, Wyoming, and was one day late on account of snow drifts. Cora, the eldest, lives in Elyria, Ohio, and was not present. Harry lives in Seattle, Wash., and could not attend on account of sickness. J. W. who lives at Perryton, Tex. was absent because of sickness.

Mr. and Mrs. Hall were born, reared and married in Christian county, Ken-

New Champion

Mickey Walker, 20 years old, of Elizabeth, N. J., unknown three years ago, is the new welterweight champion of the world. He defeated the veteran Jack Britton for the title. Walker is a hard puncher.

tucky, he being 71 years old the 6th of last March, and Mrs. Hall 67 the 8th of July last. In 1879 they emigrated from Kentucky to Kansas, travelling by wagon, lived there 16 years, and in 1895 moved to Kingfisher, Oklahoma, coming to Arizona in 1916. On March 17, (St. Patrick's Day) they took dinner here on their way to Safford, where Grover Hall lived at that time. Miss Eva got a position at once in the Safford schools which she still holds. In June, 1920, she filed on a homestead west of Bowie and account of the health of her parents they moved to Miss Eva's homestead, she being their chief support.

Mr. and Mrs. Hall now enjoy excellent health, considering their ages, both feeling twenty years younger since coming to San Simon Valley. Mr. Hall says, "If you see any care worn mortal floating around over the mazy sea of life who desires a home where honor and sociability rest on the diadem of every neighbor's brow, tell them to come to Bowie, for we feel most assured that the day will come when a person need have no other passport to the highest distinction of honor other than to be a citizen of Bowie and of San Simon Valley, Arizona." —Bowie News.
